Central Intelligence Agency
Office of the Deputy Director for Intelligence

23 May 1988

NOTE TO: Director of Central Intelligence

A couple of weeks ago when you received a briefing on CIA's effort on counternarcotics you asked for a "road map" of the process and Bill Donnelly volunteered to provide one. Bill's "road map" provided you with a good plumbing chart but Dick Kerr and I found it not very helpful in understanding how the process actually works. The attached flow chart should give you a better idea of how the system actually works and who has responsibility for various aspects of the process.
